

# Leadership Awards

The Louisiana HOSA Chapter Leadership Awards are an honor! Recognition is given to one outstanding leader from each chapter attending the State Leadership Conference.

One leader from each chapter will be nominated to receive recognition during the leadership awards. From all the names submitted, one of them will be selected as the State Chapter Leader.

An outstanding student leader is one that will almost always rise above the crowd, do a little more than others, and always be willing to help. This person is a “Leader in Training” and is one that you have no doubt will do well in the future.

Each chapter may submit the name of one person they feel is an Outstanding Chapter Leader. The chapter may choose to vote on this, or the Chapter Advisor may choose someone and submit the name. The submitted name should be emailed to the State Advisor along with why this person is a good leader. You may choose for this to be a surprise, or you may let the person know they are being recognized.
