

Competitor Intent to Compete Form

Virtual International Leadership Conference (ILC) 2021

Reminder: Students may compete in only one event at ILC

1. Attending the ILC is an exciting opportunity! HOSA allows only three competitors from each state to compete per event.
2. Louisiana HOSA allows the top three competitors (1st-3rd place) in each event the first choice to attend.
3. To ensure that each top competitor has the opportunity to compete, the intent form must be completed by the top 10 in each event offered at the SLC.
4. This form must be submitted by **April 16, 2021**.
5. Complete one form for **each** competitor/team-mate
6. **After the form deadline** we will choose the students of the top 3 rankings in Each SLC event **who have submitted** the "Intend to Compete" form(s).
7. If a student's form is not received by the form deadline and someone else in a lower ranking has already sent their form in with the desire to compete, the student with the lower rank will be approved to compete.
8. There will be no reversal of decisions once we receive a form indicating a student will not compete, or a student does not send a form, or the form is late, unless there is a slot is still available.
9. The list of event placements from SLC will be posted on the ILC page of the state website.
10. The list of confirmed competitors for ILC will be posted on the ILC page of the state website
